

15-02-15Réglementation

Fifth Amendment to Regulation (EU) No 10/2011 by Regulation (EU) 2015/174

The regulation on plastics was again amended by Regulation (EU) N° 2015/174. This amendment was published on 6 February and came into force on 26 February 2015. He adds especially new substances (nano form, processing aids, etc.) in the positive list of the regulation on the plastic materials, modification or correcting certain LMS or the extension of the use of certain substances, etc.

The regulation is available on the website: [Regulations Commission Regulation \(EU\) 2015/174 of 5 February 2015 amending and correcting Regulation \(EU\) N° 10/2011 on plastic materials and articles intended to come into contact with food](#)
